

optimail™ 30

DIGITAL POSTAGE SYSTEM

Postage on Demand for your Growing Business.

Get letters and packages ready to mail on your schedule with the **optimail™ 30** from FP Mailing Solutions. This semi-automatic digital postage meter is specifically designed to meet the mailing needs of a small business or branch office. The **optimail™ 30** is not only a workhorse that delivers up to 32 pieces of mail per minute, it is also a personal assistant that features a letter-storage catch tray to organize all your mailing supplies. Small and compact, the **optimail™ 30** will fit anywhere in your office. It also keeps an eye on your budget by securely downloading the exact amount of postage needed. Additionally, the

optimail™ 30 will add to your bottom line with its 10 lb. integrated scale. You can weigh and meter letters and packages with confidence, knowing you will always have the correct postage. And since metered mail travels faster through the postal system than stamped mail, your important business communications will look more professional and get to your customers more quickly, speeding response and cash flow. Accurate and IBIP compliant, the **optimail™ 30** offers your business advanced capabilities at a very affordable price.
